DIRECTOR OF CENTRAL INTELLIGENCE  
Science and Technology Advisory Panel

STAP/CHRONO/Outgoing

17 NOV 1980

MEMORANDUM FOR: STAP Members

SUBJECT: STAP Topics Update [REDACTED]

25X1

1. It has now been a month since the last STAP meeting and I thought that I would bring you up to date on the action items that are now in process. To help keep track of all the topics that STAP is involved in, I have attached a list of each subject, who has been assigned to that subject, who is the Agency point of contact, etc. If you do not agree with any part of the list, please let me or [REDACTED] know as soon as possible. [REDACTED]

25X1

2. The status of each subject is as follows:

+ The ELINT paper is complete and has gone to the DCI and the Director, NFAC. I will call the DCI in the near future to see what impact it had. [REDACTED]

25X1

+ [REDACTED] is working on a draft of the secure commo paper; it should be ready soon. [REDACTED]

25X1

25X1

+ The memo on Presidential Candidate briefings has gone to Bruce Clarke. So far, we have received no feedback. [REDACTED]

25X1

+ Copies of the Cycles paper will be mailed to your addresses for classified material (those of you who have them). Please send your comments to the Secretariat as soon as possible. [REDACTED]

25X1

+ I will be meeting again with Frank Press and Bill Perry in early November, after the final version of [REDACTED] has been published. A memo will be prepared with STAP comments in preparation for a meeting with NFIB in January. [REDACTED]

25X1

25X1

+ The DCI, as a result of the STAP discussion of BW/CW in September, sent a memo to Bruce Clarke requesting more analytical assets in this area. [REDACTED] is tentatively arranging a briefing on CW for the January meeting. A tour of some of the BW labs will be scheduled in November for the members of the BW/CW working group. [REDACTED]

25X1

25X1

+ Additional [REDACTED] briefings by ORD, NPIC, and the Air Force were scheduled for 27 October for the members of this working group. [REDACTED]

25X1

25X1

+ [REDACTED] work on SAFE is continuing. A human factors conference was held on 22 October [REDACTED]
